

**UNITED REPUBLIC OF TANZANIA  
MINISTRY OF LIVESTOCK AND FISHERIES  
NATIONAL RANCHING COMPANY LTD**

**NARCO: WE ARE READY TO FEED THE WORLD WITH HIGH QUALITY**

## **KONGWA BEEF**

**Key areas of investment with the National Ranching Company**

- Investment in improved breeds of livestock
- Investment in ranching infrastructure including feedlots and watering facilities
- Investment in pasture production, processing and storage
- Investment in meat and other livestock products processing facilities (modern abattoirs, milk, hides and skin processing)

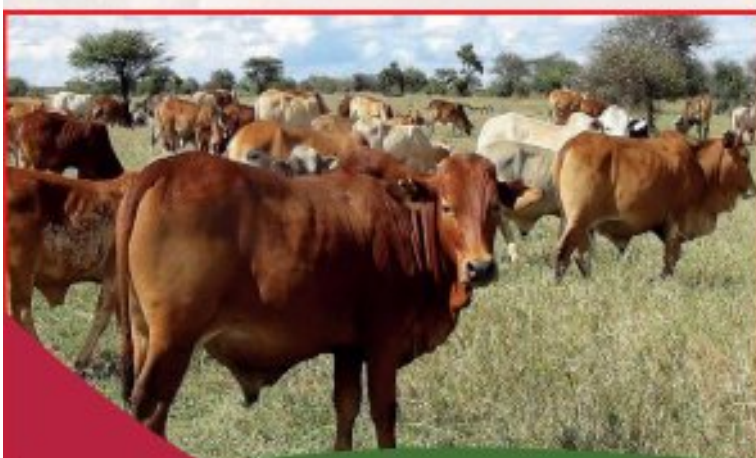

### **Nature of Investment**

**Currently NARCO is ready to Lease land to qualified investors:**

- For livestock products processing plants
- For establishment of improved pastures
- For improved ranching including high yielding breeds
- Other innovative ideas on livestock and pasture value chains

**Qualified investments are expected to catalyse growth of the livestock sector through NARCO by:**

- Availing critical capital in the livestock and pasture value chains
- Availing high quality livestock breeds for meat and milk production
- Availing high quality pasture seeds
- Availing market for smallholder farmers' produce
- Allowing free transfer of technology including best practices
- Environmental protection
